

AMYC
BIOMED
2023

Autumn Meeting for Young Chemists in Biomedical Sciences - 4th Ed

Florence, 16-18 October 2023

Plenary speakers

Luisa De Cola
Mario Negri Institute

Alessio Ciulli
University of Dundee

Ennio Tasciotti
San Raffaele University

AMYC-BIOMED 2023 will be a completely multidisciplinary conference for **u40**, where each session will include scientists with different background in order to reach our main goal:
CONTAMINATION OF IDEAS FOR BETTER SCIENCE

**AWARDS
FELLOWSHIPS
BOOK OF ABSTRACT**

Topics

Analytical Chemistry
Bioengineering
Biochemistry
Comput. Chemistry
Drug Delivery
Electrochemistry
Inorganic Chemistry
Medicinal Chemistry
Nanomaterials
Nanomedicine
Organic Chemistry
Pharma. Technol.
Physical Chemistry
Sensors

With the patronage of

Divisione di Chimica Analitica
Divisione di Chimica Farmaceutica
Divisione di Tecnologia Farmaceutica
Divisione di Chimica Organica
Divisione di Chimica dei Sistemi Biologici
Divisione di Chimica Inorganica
Gruppo Giovani

Supported by

biosensors

materials

separations

REGISTRATION DEADLINE up to 1 June '23

ABSTRACT DEADLINE up to 15 June '23
